

Auxiliary Outreach: Find Ways to Partner & Get Involved
2024-2025 Auxiliary Outreach Ambassador

Auxiliary Outreach – A partnership with one or more of your Auxiliary members helping another organization be successful with their event. Donating your time, not your money.

Everyone has more than one passion. Find out what other organizations your members belong to.

Partner with them and make their event successful. Remember to vote on it at your Auxiliary meeting and always remember to report back to your Auxiliary the number of hours you helped.

When finding a new organization to partner with, make sure it does not overlap with another Program. This also includes reporting hours.

The Auxiliary Outreach National Program cannot split reported hours. The reason for this was when Auxiliary Outreach was created it was intended to cover what was not already included in another program. If hours can be reported to another Program, those hours would go to that Program.

Look in your local newspapers, visit town websites, check out your local chamber of commerce, find out what's happening in your community and get involved.

The beginning of the school year is right around the corner. Reach out to your local schools and see if they need any help. You could become a classroom reading partner, crosswalk guard or help with serving breakfast or lunch.

The idea of an Auxiliary Outreach Program is to help others. This allows members to learn new skills, meet new people, develop a sense of purpose and have personal growth.

Making your Auxiliary Outreach Successful!

Loyally,
Jacquie Oswald
