# 2022-23 AUXILIARY OUTREACH

**“Reach out and offer a hand!”**

We are coming to the end of another great year helping out in our communities with our other organizations/groups. Being in the eye of the public with your logo in sight is a great way to show others just what our organization and members are about. You lead the way and shine the light on just how great we are when we work together to get things done for others. Just keep your ears and eyes open for opportunities to say, “I could help you with that.” Please keep reporting to me until the first of May. I have some well written reports with pictures and I bet there are more to come. Give me the details of the organization you help with as some of them I have never heard of. I look forward to seeing your reports to continue to come in. Give yourself a pat on the back for all that you do for others. Make some business cards with your contact info on them to hand out if you are asked for more information on how to join or if you could help out with someone’s event. Always make sure they know how to get a hold of you or you might miss an opportunity.
