**JULY 2024**

Welcome to the 2024 – 2025 program year! The program goals for this year are as follows:

- \*Maintain and Strengthen Current Auxiliaries
- \*Present to Unaffiliated Posts/Establish New Auxiliaries
- \*Recognize Red-Flag Auxiliaries

Throughout the year, there will be a series of word searches, scramblers, training corners, etc. Each time you complete one and return it to me, your name will be put into a drawing. A drawing will be held at both Mid-Winter & the Department Convention in June. You may either email or snail mail your answers to me. So, to start things off, here’s a word search to get things started! I’m looking forward to working with our Department Officers and your Auxiliaries this year.
