The Center for Women Veterans (CWA) was established within the Department of Veterans Affairs by Public Law 103-446 in November 1994. The Center's mission is to:

- Monitor and coordinate the VA's delivery of health care, benefits, and programs for women veterans.
- Advocate for cultural transformation (within VA and in the general public) in recognizing the service and contributions of women veterans and women in the military.
- Raise awareness of the responsibility to treat women veterans with dignity and respect.
