MENTORING FOR LEADERSHIP – APRIL 2024

While the reporting period is over for this year, Mentoring is never done. Now is the time to reflect on those individuals you consider to be a mentor. Perhaps they were honest, loyal, compassionate, trustworthy and supportive. Maybe they helped pave the way for you to follow your dreams. Now is the time to encourage members to become leaders.

One of the things we've been focusing on this past year is getting to know your members and finding out what their strengths are. Make sure your Auxiliary is utilizing all of your members' talents by sharing responsibility. Lead by example and be sure to include others in decision making. Remember that it's the Auxiliary working together as one that accomplishes goals and assists in completing projects successfully. Continue to train, share your knowledge with others and be open and ready to receive their knowledge as well.

With elections coming up this month, I strongly encourage you to step up and become a leader within your Auxiliary, whether you see that as taking on a leadership role by choosing to run for office or by taking on a new chairmanship.

And lastly, remember the power of “Thank You”. Thank you goes a long way in showing appreciation to your Auxiliary brothers and sisters. In fact, showing that you are thankful for their efforts may also prompt them to take on new roles.
