

Like seashells, we
are beautiful and
unique with a
story to tell

YOUTH ACTIVITIES February

Happy February everyone....it is the month of LOVE!! Have you been showing LOVE to our Youth? I hope you have been finding ways to help today's Youth and Youth Groups. At the Mid Winter Convention, I gave a summary of all of the activity that has been happening with our Youth. You all have been busy and lots of projects have been completed.

Don't forget about an important deadline coming up March 31st, as that is when all of the "Illustrating America" artwork is due to your local Auxiliaries. I hope you all have promoted it by now, but if not....get that information to the school, in your local paper, on Facebook, or anywhere else that your Youth will see it!

For those of you that were not at the Mid Winter....did you know that you all have donated to, or used 5311 youth and 46 Youth Groups since April 1st, 2025? It took 569 members working 1623 hours on 356 projects.....Wow! Look what all you have accomplished so far.... Your Auxiliaries spent \$6238.02 and donated goods equalling \$1400.58. Great work everyone...The winner of the best Christmas Seashell ornament went to Auxiliary #1786 Manhattan...thank you all that participated.

I am hoping to see some Auxiliaries participate in the "Reading Buddy" program yet. None has been reported yet. The Youth Groups Supporting our Veterans Certificate, Patriotic Youth Award Certificate, RAP cards and Youth Acts of Kindness Certificates are all areas that we can improve on yet. Be on the lookout for any of our Youth that may qualify in any of these areas to receive one of these awards.

When reporting your hours to me, please keep in mind, if you have Youth helping with your activities, report their hours separately in the description part of the report. The hours it is asking for on the report form is the members hours that we are required to report. Thank you and keep up the good work!!
