## YOUTH ACTIVITIES PROGRAM

## OCTOBER 2024

School has started. Have you been in contact with the art teachers to start talking about Illustrating America? Please use the NEW forms and requirement sheets for Illustrating America. The new rule is that the piece must be labeled on the back.

Have you purchased at least one book? To answer the challenge made by me to each auxiliary for the Patriotism through Literacy program you need to purchase 1 book. Use this book for the **Youth Reading to our Veterans & Veterans reading to our Youth** initiative. Take pictures and make your collage for Department.

I found this chart a couple years ago and I was shocked when I read it. With everything online today actually reading a book is going by the wayside. Lets get books into the hands of our youth.
