

Youth Activities Year End Summary 2024-2025

For our Illustrating America project, we had 83 youth entered at the auxiliary level and 19 entries at Department.

I was excited to see that 28 auxiliaries answered my challenge to donate at least one book to Patriotism Through Literacy. There were 163 books, donated to school and community libraries across the state.

Our members put in 3457 hours working with 15,596 youth and 141 youth groups. We gave out 7 citations and spent \$19001.85.

I was quite happy to see all the reports and photos about our auxiliaries working with our youth. Many activities were over different holidays: Halloween, Christmas, Valentines Day, and Easter. Auxiliaries were also busy working with youth over Veterans Day and Memorial Day. Job well done!

Thank you for your dedication to our youth and our programs.

Karen
