

February Youth Activities Report

Here's wishing you all a very Happy Valentine's Day. This is the perfect time to engage our youth in making Valentines for Veterans.

I am sorry that chairmen were unable to file their reports online. This problem has been solved if you follow the directions provided by David Huddleston : Go to the last box (under Value of Goods Donated), select it, click your tab button 2 times, and it will pull up the other 4 boxes to attach pictures and there is the submit button at the end. Please make sure you write something about what you have done to submit with the report.

Upcoming program reports are due March 31 to the Auxiliaries are Illustrating America and Get Excited for the Red, White, and Blue. Make sure you read the contest eligibility and rules and that all entries comply before submitting to District or Department. If you are judging at the District level, the judging must be completed by April 10. Local Auxiliary and District winners are to be to me by April 15, 2023.

I have challenged each Auxiliary to donate at least 1 book for the Patriotism Through Literacy program. Only 13 of our 65 auxiliaries have donated 78 books to our youth. For the auxiliaries that have not done this yet, it is such an easy thing to do. Please consider donating a book to our youth.

Again, the date to remember for having contest entries to me for Illustrating America and Get Excited for the Red, White, and Blue, is **April 15!**
